

LAKEPORT
 UNIFIED SCHOOL DISTRICT
Building successful futures

Dear Families,

Yesterday evening, October 14, 2020, The Governing Board discussed and gave direction to move forward with Stage 2 of the Lake County School Return to School Continuum Plan as conditions allow. In order to prepare and schedule students returning to campus on a modified Hybrid schedule, we need input from each family on their preferences for their child’s individual learning situation. Our anticipated transition remains roughly the first week in November if Lake County remains in the red tier of the Blueprint for a Safer Economy. **Please complete a separate form for each of your children enrolled in Lakeport Unified School District.**

Student Name: _____ School Site: _____ Grade: _____

Please choose ONE of the following options:
